ORDINANCE No. XXXVIII OF 1944.

AN

ORDINANCE

to prevent the disposal or concealment of property procured by means of certain offences.

WHEREAS an emergency has arisen which makes it necessary to provide for preventing the disposal or concealment of money or other property procured by means of certain offences punishable under the Indian Penal Code;

NOW, THEREFORE, in exercise of the powers conferred by section 72 of the Government of India Act, as set out in the Ninth Schedule to the Government of India Act, 1935 (26 Geo 5, c. 2), the Governor General is pleased to make and promulgate the following Ordinance.—

1. Short title, extent and commencement.—*(1)* This Ordinance may be called the Criminal Law Amendment Ordinance, 1944

(2) It extends to the whole of British India, and applies also to British subjects and servants of the Crown in any part of India and to British subjects who are domiciled in any part of India wherever they may be

2. Interpretation.—*(1)* In this Ordinance, "scheduled offence" means an offence specified in the Schedule to this Ordinance

(2) For the purposes of this Ordinance the date of the termination of criminal proceedings shall be deemed to be—

(*a*) where such proceedings are taken to the High Court, whether in appeal or on revision, the date on which the High Court passes its final orders in such appeal or revision, or

(*b*) where such proceedings are not taken to the High Court, the day immediately following the expiry of sixty days from the date of the last judgment or order of a criminal Court in the proceedings

(*3*) The functions of a District Judge under this Ordinance shall in a Presidency-town be exercised by the Chief Judge of the Small Cause Court

3. Application for attachment of property.—*(1)* Where the Provincial Government has reason to believe that any person has committed (whether after the commencement of this Ordinance or not) any scheduled offence the Provincial Government may, whether or not any Court has taken cognizance of the offence authorise the making of an application to the District Judge within the local limits of whose jurisdiction the said person ordinarily reside or carries on his business, for the attachment under this Ordinance of the money or other property which the Provincial Government believes the said person to have procured by means of the offence, or if such money or other property cannot for any reason be attached, of other property of the said person of value as nearly as may be equivalent to that of the aforesaid money or other property

(2) The provisions of Order XXVII of the First Schedule to the Code of Civil Procedure, 1908 (Act V of 1908), shall apply to proceedings for an order of attachment under this Ordinance as they apply to suits by the Crown

(*3*) An application under sub-section *(1)* shall be accompanied by one or more affidavits stating the grounds on which the belief that the said person has committed any scheduled offence is founded, and the amount of money or the value of other property believed to have been procured by means of the offence, the application shall also furnish—

(*a*) any information available as to the location for the time being of any such money or other property, and shall, if necessary, give particulars, including the estimated value, of other property of the said person,

(*b*) the names and addresses of any other persons believed to have, or to be likely to claim, any interest or title in the property of the said person.

4. Ad interim attachment.—(*1*) Upon receipt of an application under section 3, the District Judge shall, unless for reasons to be recorded in writing he is of opinion that there exist no *prima facie* grounds for believing that the person in respect of whom the application is made has committed any scheduled offence or that he has procured thereby any money or other property, pass without delay an *ad interim* order attaching the money or other property alleged to have been so procured, or if it transpires that such money or other property is not available for attachment, such other property of the said person of equivalent value as the District Judge may think fit

Provided that the District Judge may if he thinks fit before passing such order, and shall before refusing to pass such order, examine the person or persons making the affidavits accompanying the application

(*2*) At the same time as he passes an order under sub-section (*1*), the District Judge shall issue to the person whose money or other property is being attached a notice, accompanied by copies of the order, the application and affidavits and of the evidence, if any, recorded, calling upon him to show cause on a date to be specified in the notice why the order of attachment should not be made absolute

(*3*) The District Judge shall also issue notices, accompanied by copies of the documents accompanying the notice under sub-section (*2*), to all persons represented to him as having, or being likely to claim, any interest or title in the property of the person to whom notice is issued under the said sub-section, calling upon each such person to appear on the same date as that specified in the notice under the said sub-section and make objection if he so desires to the attachment of the property or any portion thereof on the ground that he has an interest in such property or portion thereof

(*4*) Any other person claiming an interest in the attached property or any portion thereof may, notwithstanding that no notice has been served upon him under this section, make an objection as aforesaid to the District Judge at any time before an order is passed under sub-section (*1*) or sub-section (*3*), as the case may be, of section 5

5. Investigation of objections to attachment.—(*1*) If no cause is shown and no objections are made under section 4 on or before the specified date, the District Judge shall forthwith pass an order making the *ad interim* order of attachment absolute

(*2*) If cause is shown or any objections are made as aforesaid, the District Judge shall proceed to investigate the same, and in so doing, as regards the examination of the parties and in all other respects he shall, subject to the provisions of this Ordinance, follow the procedure and exercise all the powers of a Court in hearing a suit under the Code of Civil Procedure, 1908 (Act V of 1908); and any person making an objection under section 4 shall be required to adduce evidence to show that at the date of the attachment he had some interest in the property attached.

(*3*) After investigation under sub-section (*2*), the District Judge shall pass an order either making the *ad interim* order of attachment absolute or varying it by releasing a portion of the property from attachment or withdrawing the order:

Provided that the District Judge shall not—

(*a*) release from attachment any interest which he is satisfied that the person believed to have committed a scheduled offence has in the property, unless he is also satisfied that there will remain under attachment an amount of the said person's property of value not less than that of the property believed to have been procured by the said person by means of the offence, or

(*b*) withdraw the order of attachment unless he is satisfied that the said person has not by means of the said offence procured any money or other property.

6. Attachment of property of mala fide transferees.—(*1*) Where the assets available for attachment of a person believed to have committed a scheduled offence are found to be less than the amount or value which he is believed to have procured by means of such offence, and where the District Judge is satisfied, by affidavit or otherwise, that there is reasonable cause for believing that the said person has, after the date on which the offence is alleged to have been committed, transferred (whether after the commencement of this Ordinance or not) any of his property otherwise than in good faith and for consideration, the District Judge may by notice require any transferee of such property (whether or not he received the property directly from the said person) to appear on a date to be specified in the notice and show cause why so much of the transferee's property as is equivalent to the proper value of the property transferred should not be attached

(*2*) Where the said transferee does not appear and show cause on the specified date, or where after investigation in the manner provided in sub-section (*2*) of section 5, the District Judge is satisfied that the transfer of the property to the said transferee was not in good faith and for consideration, the District Judge shall order the attachment of so much of the said transferee's property as is in the opinion of the District Judge equivalent to the proper value of the property transferred

7. Execution of orders of attachment.—An order of attachment of property under this Ordinance shall be carried into effect so far as may be practicable in the manner provided in the Code of Civil Procedure, 1908 (Act V of 1908), for the attachment of property in execution of a decree.

8. Security in lieu of attachment.—Any person whose property has been or is about to be attached under this Ordinance may at any time apply to the District Judge to be permitted to give security in lieu of such attachment, and where the security offered and given is in the opinion of the District Judge satisfactory and sufficient, he may withdraw or, as the case may be, refrain from passing, the order of attachment.

9. Administration of attached property.—(*1*) The District Judge may, on the application of any person interested in any property attached under this Ordinance and after giving the agent of the Provincial Government an opportunity of being heard, make such orders as the District Judge considers just and reasonable for—

(*a*) providing from such of the attached property as the applicant claims an interest in, such sums as may be reasonably necessary for the maintenance of the applicant and of his family, and for the expenses connected with the defence of the applicant where criminal proceedings have been instituted against him in any Court for a scheduled offence;

(*b*) safeguarding so far as may be practicable the interests of any business affected by the attachment, and in particular, the interests of any partners in such business.

(2) Where it appears to the District Judge to be just and convenient, he may by order appoint a receiver to manage any property attached under this Ordinance in accordance with such instructions as the District Judge may from time to time think fit to give, and where a receiver is so appointed, the provisions of rules 2, 3, 4 and 5 of Order XL of the First Schedule to the Code of Civil Procedure, 1908 (Act V of 1908), shall be applicable.

10. Duration of attachment.—An order of attachment of property under this Ordinance shall, unless it is withdrawn earlier in accordance with the provisions of this Ordinance, continue in force—

(*a*) where no Court has taken cognizance of the alleged scheduled offence at the time when the order is applied for, for three months from the date of the order under sub-section (*1*) of section 4 or sub-section (*2*) of section 6, as the case may be, unless cognizance of such offence is in the meantime so taken, or unless the District Judge on application by the agent of the Provincial Government thinks it proper and just that the period should be extended and passes an order accordingly; or

(*b*) where a Court has taken cognizance of the alleged scheduled offence whether before or after the time when the order was applied for until orders are passed by the District Judge in accordance with the provisions of this Ordinance after the termination of the criminal proceedings

11. Appeals.—(*1*) The Provincial Government or any person who has shown cause under section 4 or section 6 or has made an objection under section 4 or has made an application under section 8 or section 9, if aggrieved by any order of the District Judge under any of the foregoing provisions of this Ordinance, may appeal to the High Court within thirty days from the date on which the order complained against was passed

(*2*) Upon any appeal under this section the High Court may, after giving such parties as it thinks proper an opportunity of being heard, pass such orders as it thinks fit

(*3*) Until an appeal under this section is finally disposed of by the High Court, no Court shall, otherwise than in accordance with the provisions of section 8 or section 13, order the withdrawal or suspension of any order of attachment to which the appeal relates.

12. Criminal Courts to evaluate property procured by scheduled offences.—(*1*) Where before judgment is pronounced in any criminal trial for a scheduled offence it is represented to the Court that an order of attachment of property has been passed under this Ordinance in connection with such offence, the Court shall, if it is convicting the accused, record a finding as to the amount of money or value of other property procured by the accused by means of the offence.

(*2*) In any appeal or revisional proceedings against such conviction, the appellate or revisional Court shall, unless it sets aside the conviction, either confirm such finding or modify it in such manner as it thinks proper

(*3*) In any appeal or revisional proceedings against an order of acquittal passed in a trial such as is referred to in sub-section (*1*), the appellate or revisional Court, if it convicts the accused, shall record a finding such as is referred to in that sub-section.

13. Disposal of attached property upon termination of criminal proceedings.—(*1*) Upon the termination of any criminal proceedings for any scheduled offence in respect of which any order of attachment of property has been made under this Ordinance or security given in lieu thereof, the agent of the Provincial Government shall without delay inform the District Judge, and shall where criminal proceedings have been taken in any Court, furnish the District Judge with a copy of the judgment or order of the trying Court and with copies of the judgments or orders, if any, of the appellate or revisional Courts thereon.

(*2*) Where it is reported to the District Judge under sub-section (*1*) that cognizance of the alleged scheduled offence has not been taken or where the final judgment or order of the criminal Courts is one of acquittal, the District Judge shall forthwith withdraw any orders of attachment of property made in connection with the offence, or where security has been given in lieu of such attachment, order such security to be returned

(*3*) Where the final judgment or order of the criminal Courts is one of conviction, the District Judge shall order that from the property of the convicted person attached under this Ordinance or out of the security given in lieu of such attachment, there shall be forfeited to His Majesty such amount or value as is found in the final judgment or order of the criminal Courts in pursuance of section 12 to have been procured by the convicted person by means of the offence, together with the costs of attachment as determined by the District Judge and where the final judgment or order of the criminal Courts has imposed or upheld a sentence of fine on the said person (whether alone or in conjunction with any other punishment), the District Judge may order without prejudice to any other mode of recovery, that the said fine shall be recovered from the residue of the said attached property or of the security given in lieu of attachment

(*4*) Where the amounts ordered to be forfeited or recovered under sub-section (*3*) exceed the value of the property of the convicted person attached, and where the property of any transferee of the convicted person has been attached under section 6, the District Judge shall order that the balance of the amount ordered to be forfeited under sub-section (*3*) together with the costs of attachment of the transferee's property as determined by the District Judge shall be forfeited to His Majesty from the attached property of the transferee or out of the security given in lieu of such attachment, and the District Judge may order, without prejudice to any other mode of recovery, that any fine referred to in sub-section (*3*) or any portion thereof not recovered under that sub-section shall be recovered from the attached property of the transferee or out of the security given in lieu of such attachment

(*5*) If any property remains under attachment in respect of any scheduled offence or any security given in lieu of such attachment remains with the District Judge after his orders under sub-sections (*3*) and (*4*) have been carried into effect, the order of attachment in respect of such property remaining shall be forthwith withdrawn, or as the case may be, the remainder of security returned, under the orders of the District Judge

14. Bar to other proceedings.—Save as provided in section 11 and notwithstanding anything contained in any other law,—

(*a*) no suit or other legal proceeding shall be maintainable in any Court—

(*i*) in respect of any property ordered to be forfeited under section 13 or which has been taken in recovery of fine in pursuance of an order under that section, or

(*ii*) while any other property is attached under this Ordinance, in respect of such other property,—

by any person upon whom a notice has been served under section 4 or section 6 or who has made an objection under sub-section (*4*) of section 4; and (*b*) no Court shall, in any legal proceedings or otherwise, pass any decree or order other than a final decree in a suit by a person not being a person referred to in clause (*a*), which shall have the effect of nullifying or affecting in any way any subsisting order of attachment of property under this Ordinance, or the right of the District Judge to hold security in lieu of any such order of attachment

15. Protection of action taken.—No suit, prosecution or other legal proceedings shall lie against any person for anything in good faith done or intended to be done in pursuance of this Ordinance

FINAL FORECAST OF THE JUTE CROP OF BENGAL, 1944.

[NOTE.—On an average of the five years ending 1942-43, the areas under Jute in the Province of Bengal and the Bengal States to which this forecast relates, represent some 88·7 and 1·5 per cent. respectively to the total area under jute in India.]

Season.—Drought and a weak monsoon protracted the sowings at places and adversely affected the growth of the young plants. Subsequent showers, however, did much good particularly to the late sown crop and improved the general prospects considerably.

Condition of the Crop.—The crop has been generally fair.

Area.—The area under jute of 1,694,355 acres is the licensed area after elimination of the lands for which license was issued but which were not actually sown as disclosed on an examination of the jute lands under section 14 of the Bengal Jute Regulation Act.

Outturn.—As in the previous years the percentage figures are calculated on the basis of the divisional normals which remain as follows:—

	Bales per acre
Dacca and Chittagong Divisions	3·7
Rajshahi Division	3·5
Presidency and Burdwan Divisions	3·9

The total outturn of the crop is estimated at 4,894,940 bales of 400 lbs each for the province.

Calcutta, the 4th October 1944

Preliminary Forecast of the Bhadoi Crops of Bengal for 1944-45.

(Note.—On an average of five years ending 1942-43, the area under autumn rice in Bengal has represented some 7 8 per cent of the total area under rice in India)

Character of the season.—The season has not been quite favourable. Drought and a weak monsoon delayed sowings and adversely affected the growth of the crops Subsequent rain-fall however improved the prospects and a fair outturn is anticipated

Acreage—The total area sown with different *Bhadoi* crops this year is reported to be 8,873,800 acres as against 8,727,000 and 8,783,000 acres respectively in the corresponding and final forecasts of last year. Of this, the area under autumn rice is estimated at 8,016,500 acres as against

7,935,100 and 7,912,100 acres respectively in the corresponding and final forecasts of last year

Outturn.—According to the District Officers' estimates, the outturn of the different *Bhadoi* crops for the Presidency works out at 82 per cent of the normal this year as against 90 and 95 per cent respectively in the corresponding and final forecasts of last year

The outturn of autumn rice as estimated by the District Officers works out to 82 per cent. of the normal for the province this year as against 91 and 96 per cent respectively in the corresponding and final forecasts of last year

Director of Agriculture, Bengal.

Resolution on the reports of the Chief Engineer, Public Health and of the Sanitary Board, Bengal, for the year 1942.

GOVERNMENT OF BENGAL.

Department of Public Health and Local Self-Government.

Public Health.

RESOLUTION—No. 2080P.H.

Calcutta, the 4th October 1944.

Read the reports of the Chief Engineer, Public Health, and of the Sanitary Board, Bengal, for the year 1942

1. The Engineering Branch of the Public Health Department maintained its usual standard of efficient administration though the volume of the work of the department was considerably increased in connection with the Civil Defence and A. R. P. schemes and A. R. P. tubewell schemes in Calcutta.

2. The total capital expenditure on waterworks and sewerage works in the province, during the year under review amounted to Rs 3,85,029 and Rs. 56,678 respectively against Rs 3,45,959 and Rs. 81,176 in the previous year.

The total estimated cost of the schemes prepared by the Engineering Branch during the year was Rs 22,40,269 as detailed below compared to Rs. 34,73,560 during the previous year:—

	Rs
Sketch projects.	
Water-supply	10,42,304
Drainage and sewerage	7,13,100
	17,55,404
Detailed projects	
Water-supply	1,28,100
Drainage and sewerage	3,17,755
	4,45,855
Miscellaneous	39,010
	22,40,269

Nine works of Sanitary Engineering were executed under the supervision and control of the department during the year under review Besides, the Department also continued to maintain the Kalimpong water-supply and the Maijdi drainage and waterworks throughout the year.

The receipts of the department during the year amounted to Rs 23,834 as against Rs 12,779 in the previous year. Due to war conditions certain schemes of local bodies and other departments of Government were postponed; consequently the amount of fees was small.

3. There were 52 waterworks in operation during the year which supplied 20,701,173 gallons of filtered water daily to a total population of 1,879,816. The quality of water was satisfactory.

4. Besides the necessary routine duties which are to be carried out by the department under the rules regulating the management of sewerage and waterworks, the departmental officers periodically inspected the various municipal waterworks and drainage works as usual. The department also rendered valuable assistance in the shape of advice and suggestions to some other departments of Government.

A. AHMAD, *Personal Assistant,*
for Director of Agriculture, Bengal.

Calcutta, the 6th October 1944.

5. Owing to restrictions on booking by railways the tube-well materials purchased by the department for tube-wells in rural areas out of the rural water-supply grant of 1941-42 could not in many cases arrive at their destinations in good time for completion of the sinking of the allotted number of tube-wells within the year. This necessitated sinking of a good number of tube-wells to be left over for completion during the next year. In certain districts a considerable portion of the tube-well materials had to be made over to the military department for urgent military works and some of the materials were also utilised in providing tube-wells in evacuees' camps In view of the scarcity of the materials and the abnormal rise in the prices thereof no fresh allotments was made for sinking tube-wells except a grant of Rs 1 lakh only for the construction of approved types of water-supply works other than tube-wells such as concrete wells, masonry wells, etc., in particular districts where the need for provision of water-supply was extremely urgent The total amount spent by the department in connection with rural water-supply was Rs 3,48,935 during the year.

6 The total number of tube-wells sunk up to the end of the year under review in the area of Calcutta Corporation as an A.R P. measure was 2,497 of which 1,521 were sunk in 1941. It is to be regretted that so many pumps were always out of order, either through damage caused by reckless driving of motor vehicles or through theft of the pump or parts of the pump The co-operation of the public is urgently necessary for their proper preservation, both for discouraging and decrying such anti-social tendencies and for promptly reporting cases of damage caused. With this end in view the Publicity Department is proposed to be requested to include as one of their subject matters to propagate among the public the necessity of the Calcutta A R P tube-wells in time of emergency

The A R P Division which was created in August 1941 examined and supervised the execution of various Civil Defence schemes of the local bodies at different stages of progress They were also engaged in executing a number of schemes for an independent water-supply to hospitals, Government buildings, etc

The total expenditure incurred by the department on A R.P. and Civil Defence schemes during the year amounted to Rs 86,129.

7 The Sanitary Board held three meetings during the year under review and considered six projects of sanitary engineering before forwarding them to Government for sanction The Board also considered and recorded the inspection reports on the municipal waterworks at Chittagong, Comilla, Narayanganj and Baranagar-Kamarhati drawn up by the Executive Engineers, Public Health, Bengal

8 The Board considered the reports of the Nutrition Committee and recommended a grant of Rs 2,000 annually for meeting contingent expenses of the sub-commitee The Board also considered the proceedings of the 11th meeting of T B Sub-Committee as well as the proceedings of the first meeting of the Drainage Sub-Committee.

The Board resolved to request Government in future to consult the Sanitary Board in framing health policies and programmes and in preparing budget estimates for sanitary schemes.
